

Artec Studio 10

Latest version of industry-acclaimed software for advanced 3D scanning and data processing

Scan and process your 3D data faster than ever with Artec's newest version of its professional software

Featuring the most powerful algorithms and advanced features for optimizing your 3D data with speed, ease and accuracy

New and improved features for Artec Studio 10 include:

- Powerful algorithms to maintain total control of tracking
- Automatic scan alignment correction during scanning
- Texture color mapping is five times faster than previous versions
- Boosted auto-alignment and non-rigid global alignment capabilities
- Mesh simplification is now up to 90 percent faster than before
- More texture editing tools
- Compatibility with Kinect V2 and Intel F200 (Ultimate edition)

Available in
two editions

Artec Studio 10 Professional

Use all of Artec Studio's advanced features for scanning and processing 3D data exclusively from Artec scanners.

Compatible with Artec scanners:
Artec Eva, Eva Lite, Spider, Space Spider, L, S, M, MH, MHT

Available as a yearly subscription, ensuring you are always up-to-date with the very latest improvements, or as a one off life time purchase.

Artec Studio 10 Ultimate

Maximize Artec's algorithms and use the software together with a range of sensors, as well as with Artec scanners.

Compatible 3D scanners: Artec Eva, Eva Lite, Spider, Space Spider, L, S, M, MH, MHT

Compatible sensors: Kinect for Windows V2, Kinect for Windows V1, Intel F200 (IVCAM), ASUS Xtion sensors, PrimeSense Carmine

Compare Artec Studio

Scanning	Version		
	8	9	10
Basic scanning settings	●	●	●
Texture and geometry tracking	●	●	Enhanced
Targets tracking		●	●
Sensitivity control		●	●
Real time fusion		●	●
Continuous scanning mode		Manual	Automatic
Tracking Alignment Correction			●
3rd-party sensors support		Microsoft Kinect, ASUS XTion, PrimeSense Carmine	Ultimate Edition: Microsoft Kinect, ASUS XTion, PrimeSense Carmine, Microsoft Kinect V2, Intel R200 (IVCAM)

Advanced Processing

Automatic scan alignment		●	Twice as effective
Loop closure		●	Enhanced
Outliers removal		●	●
Sharp fusion		●	●
Hole filling	●	Upgraded	Upgraded
Non rigid alignment	Basic: for two shapes only	Improved: for two shapes only	Advanced: for multiple shapes
Mesh simplification	●		Up to 90% faster

Measurement tools

Basic measurement tools:			
Linear, geodesic, sections, distance maps	●	●	●
Advanced measurement tools:			
Volume measurements, annotations, DXF export		●	●

Data editing

Atlas texture mapping	●	●	Up to 5 times faster
Triangle texture mapping	●	●	●
Auto texture correction			●
Auto target removal			●
Smooth brush	●	+ strength control	+ strength control
Basic eraser	●	●	●
Eraser: rectangle and plane selection mode		●	●
Eraser: lasso mode			●
Positioning tool		●	●
Defeature brush		●	●
Texture healing brush			●

Upgrade offer!

**Special upgrade offer for existing Artec Studio users:
\$375 discount off any AS10 license if you upgrade from any previous version of Artec Studio**

Artec Studio 10

Ultimate

For use with Artec 3D scanners and 3rd party sensors*

	Annual
1 license	\$1,200
3 licenses	\$3,000

Artec Studio 10

Professional

For use with Artec 3D scanners

	Annual	Lifetime
1 license	\$600	\$1,450
3 licenses	\$1,500	\$3,625
